**One Day Workshop
on
Outcome Based Education [OBE]**

Organised by
Department of Electronics and Communication Engineering
Faculty of Engineering and Technology (Co-Education)

In Association with

The Institution of Engineers (India) - IETI

Date: On 11th February 2019

Time: 8-00 am

Venue:

Doddappa Appa Sabha Mantapa,
Sharnbasva University Campus, Kalaburagi

OBJECTIVE OF THE WORKSHOP:

To empower the teachers with effective teaching skills with innovative and path breaking teaching and learning processes in order to achieve quality output.

BACKGROUND:

Poojya Dr. Appaji always thinks about the status of higher education of our Nation in general and Hyderabad-Karnataka in particular. India as a Nation is dreaming to achieve the status of fully developed Nation. One of the major concerns is the poor Gross Enrolment Ratio (GER) of the Nation. The target is to achieve the GER from the existing one, which is less than 20 to the world average GER, which is more than 30. Both Universities and other higher learning institutions in the Nation have to contribute for through their efforts in terms of expansion of education facilities and enhancing the quality of education. Another serious concern is the poor status of our Universities in the world order i.e. none of our Indian Universities or other premier Educational Institutions are in the Top 100 or even Top 200 universities in the world. Among the top Universities in the developed world, majority are private universities or self financed Universities including Harvard, Oxford, MIT etc.

Expansion of higher education is taking place in the Nation through new Universities including Central Universities, IITs, IIMs, NITs, State Universities and private Universities like our SHARNBASVA University.

At the National level, majority of the newly started Universities including new IITs are suffering from shortage of faculties followed by quality teaching. In our state of Karnataka, which is popular for quality institutions also facing problems in terms of shortage of competent teachers which affects the quality of output and hence creates unemployment and even unemployable lot. In view of this our President, Poojya Dr. Appaji always encourages for empowering the teachers with innovative and effective teaching and learning skills and processes, so that quality of education is guaranteed for every learner.

This Workshop program will create a platform for faculties of higher learning institutions in general and Technical institutions in particular in the State to expose them to the new and effective, innovative and scientific methods of teaching and learning.

The Resource Persons:

Dr. D H.Rao Director, Cambridge IT, Bangalore

Dr. V D.Mytri Pro-Vice Chancellor Sharnbasva University, Kalaburagi

About Sharnbasveshwar Vidya Vardhaka Sangha

With the vision and foresight of our president Parama Poojya Dr. Sharnbasawappa Appa, Mahadasaha Peetadhipati, Chancellor of Sharnbasva University, Sharnbasaveshwar Samsthan, Kalaburagi, who has 40 years of experience in the field of Education is determined to serve the cause of the growing fields of education and proficient engineering graduates in this Hyderabad Karnataka Region by establishing four new engineering college namely Appa Institute of Engineering and Technology at Kalaburagi, Godutai Engineering College for Women Kalaburagi, Veerappa Nisty Engineering College, Shorapur & Lingarajappa Appa Engineering College, Bidar.

These colleges have grown in the short span of time offering Under-graduates to Post-graduates courses. The institutions are offering various BE degree courses and M. Tech courses. The institutions works on Dasoha Philosophy of education.

About Sharnbasva University, Kalaburagi

The first ever Private University in the entire North Karnataka, the SHARNBASVA UNIVERSITY is the dream child of the Visionary educationist Dr SHARNBASWAPPA APPAJI and unlike other private universities, which were started with the sole purpose of starting professional and other money spinning courses, the SHARNBASVA UNIVERSITY has adopted a holistic approach offering academic careers to students in all streams. The main purpose of starting the University was to produce skilled human resource based on the requirement of the industry and the society in large and build a repository of well trained and responsible scholars to get themselves involved in the nation building activities. Besides offering array of courses suited to both the students and industry, prime importance has been given for promoting the students to take up the research activities. The curriculum of the University has been designed on the lines of the best practices followed by the world renowned universities and centers of excellences in the country giving more stress on the practical knowledge on the subject and project work to fully equip the students. The University at present offers 25 PG courses in 8 faculties in the areas of Engineering and Technology, Nanotechnology, Business Management, Hospital Administration and others

Who Can Attend

Teachers/Teaching faculty members from Universities including Engineering and Technology, Management & Degree colleges.

Registration Fees

Rupees: 200 Rs

Registration fee includes workshop kit, Break Fast, Lunch, and Snacks.

Registration will be done based on first come first serve basis.

Spot Registration facility is also available
