OUR HERITAGE

The Sangha is named after Mahadasohe Sharnbasveshwar a mystic saint, a seer with a vision, a saviour of mankind and a divine universal teacher. He was one of the greatest humanitarian rarely found in the spiritual history of mankind. He attained divinity by living a way of life called Dasoha.

His Dasoha philosophy is based on the precept – “No religion is greater than service; service to humanity is service to God”.

Dedicating his life to the service of humanity, Sri Sharnbasveshwar followed Dasoha in all aspects – in healing the moral and spiritual wounds of the toiling and moiling masses, in feeding the poor, wiping the orphan’s tears, soothing and guiding the sinner, serving the sick and curing the diseased by his extraordinary blissful spiritual blessings. Sri Sharnbasveshwar demonstrated to the world, both by precept and practice the external values and virtues of life, its essential goodness and oneness.

From the Desk of the Chancellor ...

"No Religion is Greater than Service and Service to Humanity is Service to God".

Sharnabasva University has been established with a vowed principle of opening new vistas in the higher education to the bright young students and help them to shape up their academic and professional careers. The objective of this Centre of Excellence is to enhance the horizon of world knowledge through innovation and research. The University aims at upscaling the higher education to become the tools for achieving the academic excellence and to identify one's self-identity.

The young and energetic team of the Sharnabasva University have committed themselves to carve a place of niche for the Sharnabasva University among the top University sin the world by providing innovative courses coupled with quality teaching, Our immediate aim is to get the

University included in the list of the "Institutions of Excellence" announced by the Union Government and find a place of prime among the top 1100 Universities in the world.

We follow the path laid by the 7th Mahadasoha Peetathipathi of the Sharnbasaveshwar Samasthan Poojya Doddappa Appaji by attaching at most importance to the women empowerment in all the activities of the University. Besides opening the first exclusive engineering college for the women in the entire North Karnataka, the University has exclusive sections for the women in almost all the faculties. The University also extends concessional fee structure for the women to promote higher enrollment of women in the higher Education.

Sharanbasaveshwar Vidya Vardak Sangha has a long tradition of providing quality education and developing independent scholarship and academic freedom. These qualities would be of great strength to the Sharnabasva University to foster a culture in which innovation and research played a decisive role.

The Two Great Souls "Sandarshan"

Mahatma Gandhiji and Poojya Doddappa Appa

22nd February 1927

Mahadasohi Doddappa Appa made his activities more dynamic by means of the Vidhya Vardhak Sangha. Gandhiji discarded foreign cloth and used only Swadeshi cloth, thus awakening in whole nation the spirit of patriotism and national independence. Similarly Mahadasohi Doddappa Appa discarded the Sundays which was given as a weekly holiday to the government servants by the British and also the Fridays which the Nizam gave and made Monday a weekly holiday to all the educational Institutions because Monday was the real folk holiday for the farmers who constitute 80% of our population. Even this irritated the Nizam. In this way Appaji inculcated patriotism and the importance of independence in the people.

From the notes of Vice Chancellor....

Dr. Niranjn Nisty

Vice-Chancellor
Sharnbasva Univeristy, Kalaburagi

“Educating the mind without educating the heart is no education at all”.

Aristotle...

Providing human face to the education and making education accessible irrespective of the economic standing of the students and breaking the caste and community bearriers is the main aim of the Sharnbasva University.

Quality and excellence would be the hallmark of the Sharnbasva University. Ours may be the youngest University in the country, but the legacy of providing quality education without any compromise by the educational institutions run by the Sharnbasaveshwar Vidya Vardak Sangha would stand in good stead in our endeavour to convert this University into a centre of excellence. Our primary aim

would be to train the students and convert them into highly qualified skilled human resource and pave way for providing them bright professional career.

The University is wedded to the policy of meeting educational needs of every section of the people and the Sangha under which the University is functioning has the honour of starting the first ever engineering colleges in remote rural areas in Surpur in Yadgir district and Bidar city.

VISION

- Enhancing the horizon of world knowledge by promoting international understanding through imparting quality education and creating value added skill based human resource.
- We aspire to become top ranking National and International Centre of Excellence producing high caliber leaders and captains of Industry.
- Inculcating the spirit of "Vasudaiva Kudumbakam" (The world is one family).
- "Sakala Jeevathmarige Lesane Bayasuva"
(Wishing the worldly good and betterment of all the living beings) is our moto.

MISSION

- Achieving academic excellence through innovatively designed, research intensive, industry oriented education.
- Imbibing the culture of Independent thinking, Independent writing, Independent speaking and Independent living among the students in all the activities.
- Foster the spirit of National development and develop global competencies. Nurture creativity and encourage entrepreneurship and provide an education with rigor and relevance.
- Provide academically excellent, time efficient, and cost effective higher education. Provide an education which enhances the ability of students to learn throughout the life.
- Ensure freedom of thought and expression and a campus without discrimination. Encourage the spirit of questioning and ensure close inter-relationship between Teaching, Scholarship and Research.
- Develop and deliver distinctive and value driven academic programme that are flexible and responsible to Local, National and International needs.
- Cultivate academic, business and community driven partnership that positions the University as a leading choice for adult learners.
- To work effectively with other institutions and organisations, where such partnerships can lead to understanding research and teaching.

OBJECTIVES OF THE UNIVERSITY

The University shall employ a broad range of strategies to achieve its vision and objectives :-

- (1) To expand the horizon of world knowledge, provide instruction, teaching and learning including writing and reading, training, research and development at various levels such as Elementary Education, Secondary Education, Higher Education, in the subject disciplines such as :-
 - (a) Engineering and Technology including Civil, architecture, Mechanical, Automobile, Electrical, Electronics and Communication, Computer science and engineering, Information Technology, design and Printing Technology including 3-D. Environmental Engineering. Bio-technology, space Technology, Nano-materials and Technology and any other emerging areas including interdisciplinary etc.
 - (b) Health Sciences including Medical, Dental, Ayurveda, Homeopathy, Naturopathy, Pharma, Nursing and any other emerging areas including interdisciplinary etc.
 - (c) Agricultural sciences and Technology School or College or Center.
 - (d) Management and Technology including Business Management, tourism Management, hotel Management, Hospitality Management, Hospital Management, Hospital Management, Risk management and any other emerging areas of study including inter-disciplinary areas etc.
 - (e) Natural Sciences including Physics, Electronics, Mathematics, Computer science, Chemical and Environmental Sciences, biological sciences, Earth Sciences, Space Sciences, nano Science and Nano-Materials and any other emerging area of study including interdisciplinary areas etc.
 - (f) Any other emerging areas or faculty or field of study across the globe.
- (2) To design and deliver high quality training, capacity building and development systems for teachers, teacher educators, teachers in higher and professional education Leadership training including political leaders, administrators and development professionals working in education and other systems.
- (3) To institute degrees, diplomas including PG diplomas, dual degree programmes, integrated courses, certificates and other academic distinctions like awards, award of credits on the basis of :-
 - (a) Successful completion of academic work evaluated through multiple methods including modern methods of assessment: and

ಶರಣಬಸವ

Harbinger of Quality Education

Sharnbasva University is the dream child of visionary educationist and Chancellor of the University.

Poojya Dr Sharnbaswappa Appaji and the growth from a primary school to the University was phenomenal and unparalleled in the annals of any educational institution.

It was the Poojya Doddappa Appaji, the 7th Peetathipathi of the Sharanabasaveshwar Samasthan and the father of the present Peetathipathi Poojya Dr Sharnbaswappa Appa, who laid the foundation stone for all the educational activities of the Sharanabasaveshwar Vidya Vardak Sangha and his successor Dr Appaji gave new wings to the activities of the Sangha by starting chain of educational institutions including Post Graduate centres and engineering colleges in the region.

Poojya Dr Appaji was instrumental in converting the once educationally backward Kalaburagi district into a major educational hub in Karnataka by opening new avenues for the children of the region to shape their academic careers in the educational institutions established by the Sangha. Establishment of the University is also a dream come true for the Sharanabasaveshwar Vidya Vardak Sangha which first

established a school way back in 1903 and after more than 100 plus years the Sangha achieved the gigantic leap to establish the Sharnbasva University.

Unlike other private universities, which were started with the sole purpose of starting professional and other mother spinning courses, the Sharnbasva University had adopted a holistic approach by offering academic careers in all streams including the professional courses.

Main aim of starting the University was to produce skilled human resource based on the requirement of the Industry and the society and build a well trained and responsible scholars to involve themselves in the nation building activities. With the academic freedom available in the private university framework, the Sharnbasva University has designed courses and syllabus to the suit the present and future needs and the highly qualified faculty of the University have committed themselves for training the students to achieve academic laurels and serve the country and society.

Besides offering new courses suiting the requirement of both the students and the industry, the University would give prime importance and promote the students to take up the research activities.

The courses of both the undergraduate and post graduate courses have so been designed to add skill to the regular theoretical and practical classes to ensure that at the end of the courses, the students does not only emerge successful in their opted courses, but also fully trained and skilled in their respective areas of education.

BEST PRACTICES

- * Two hour class norm to bring the best out of the students by making them to listen, discuss and write what they have learnt on the same day in the classrooms.
- * To ensure uniformity and ending discrimination the University adopted a policy of compulsory uniform for the faculty members and the students.
- * Emphasis of the education policies of the University would be to promote a spirit of Independent thinking, learning and living.
- * Zero tolerance to ragging in the campus and hostels. Full security to the students inside the campus and hostels.
- * First university to march swiftly towards converting campus into green by tapping renewable sources of energy and saving every drop of water to meet the energy and water requirements of the university campus.
- * University attaches prime importance to the cordial relation between Teachers, Students and Society.
- * First university to provide clean, filtered, and potable drinking water through its RO plants to its staff and students alike.
- * University is moving towards achieving the target of fully air conditioned classrooms in all the faculties.

18TH
CENTURY

SHARNBASVESHWAR SAMASTHAN

ಶರಣಬಸವ
Sharnbasva

ವಿಶ್ವವಿದ್ಯಾಲಯ
University

Established in the 18th Century, the Sharnbasveshwara Samasthana has a rich cultural heritage and was primarily responsible for setting the tone for the culture of 'Dashoha' (Giving or Satisfying the Needs of Needy). The Samasthana which began its selfless service by providing the needy millions free food during the worstever famine in the year of its establishment expanded its horizons of activities by quenching the thirst of the knowledge to the billions of the deprived sections of the society.

The name of the Samsthana derives from the mystic saint par excellence Mahadasohi Sharnbasveshwar, who with his selfless service to the people in need has been recognized by the devotees as a great humanitarian and was embodiment of Dasoha culture. The principles of Sharanabasaveshwar on which institutions are built and operated is that "No Religion is Greater that service to humanity is service to God...It is beautiful thing, You serve humanbeings. You are serving the God, it is is very inspiring indeed" These were the words of praise by former President late Dr A P J Abdul Kalaam during his visit to Samasthan.

The life of Saint Sharanabasaveshwar itself is an example of supreme sacrifice for the sake of suffering humanity. It was this saint who made the Dasoha philosophy a way of life and set an example for other religious mutts to follow the principles of

Anna Dasoha.

In the 19th Century major portions of the region faced one of the worstever famine with scores of people falling prey to the hunger deaths. It was at this time when Saint Sharanabasaveshwar who was on his pilgrimage to Basavakalyan saw the sufferings of the people and decided to devote his life to provide relief to the needy people. As per the legend the Saint used to reach out the rich landlords in the region by foot and collect the foodgrains to start gruel centres in different parts of the district to provide succor to the hungry masses.

Even today the tradition of the people, particularly, the farmers of the regions donating part of their harvested foodgrains to the Dasoha Mahamane in the Sharanabasaveshwar Samasthan to feed the devotees visiting the temple continued. In the selfless service rendered by Saint Sharanabasaveshwar to alleviate to the suffering of the hunger struck humanity, the contribution and support extended by his contemporary Adi Doddappa Sharanaru, a rich landlord of the region, was immense and both served the humanity like the twins and remained like siamese twins throughout their life.

Saint Sharanabasaveshwar and Adi Doddappa

ಶರಣಬಸವ
Sharnbasva

ವಿಶ್ವವಿದ್ಯಾಲಯ
University

Sharanaru in their long association had lived and followed the principles of Guru-Shishya tradition. It was Poojya Adi Doddappa Sharanaru who succeeded Saint Sharanabasaveshwar as the second peetathipathi of the Samasthan after the Saint, the first peetathipathi, attained Samadhi.

The fire lighted in the kitchen established by Saint Sharanabasaveshwar in the Sharanabasaveshwar Samasthan in the 18th Century, to provide gruel to the people facing one of the worst famine, is still kept alive and even today the devotees visiting the Sharanabasaveshwar Shrine to pay their obeisance from far and near are never allowed to go with their empty stomach and free 'prasada' (food) is provided in a conducive environment in the Dasoha Mahamane in the Sharanabasaveshwar Shrine premises.

The traditions set forth by Saint Sharanabasaveshwara and Doddappa Appa in the 19th Century has been followed religiously by the successive Peetathipathis of the Sharanabasaveshwar Samasthan and the Shrine is a must visit place daily for every devout Hindu

living in Kalaburagi city and any religious ceremonies and festivals performed by the temple throughout the year is practiced as their own festivals by every single house in the Kalaburagi city.

As a furtherance to the philosophy of Dasoha, the 6th Peetathipathi of the Sharanabasaveshwar Samasthan established the Sharanabasaveshwar Vidya Vardhaka Sangha in 1903 and this signaled the unending journey of Samasthana and Sangha in providing Shikshana Dasoha (Educational Service) alongside the Anna Dasoha. The first school of the Sangha was established in the Dasoha Mahamane way back in 1903 and this has blossomed like a beautiful lotus as a full fledged private university –Sharnbasva University, the first in the entire Hyderabad Karnataka region.

In the field of Education, the Sangha had achieved many firsts including the first public library established in 1918 by the 7th Peetathipati Poojya Doddappa Appaji, father of the present Peetathipathi Poojya Dr Sharnbaswappa Appaji. The concept of starting a public library in the year 1918 got the rare appreciation from none other

ಶರಣಬಸವ
Sharnbasva

ವಿಶ್ವವಿದ್ಯಾಲಯ
University

than the then President Dr A P J Abdul Kalaam during his visit to Kalaburagi to inaugurate the centenary celebrations of the Sangha.

The Sangha was also the first to establish a girls school way back in 1934, at the time when the education to the women was a far cry. Incidentally 1934 is also the Birth year of the present peetathipathi Poojya Dr Appaji. It was the strong commitment of Poojya Doddappa Appaji towards women's empowerment that gave the new avenues of education to the girls in the region. The Sangha had arranged horse drawn "Tangas" to ferry the girl students from their individual houses to the school. The Sangha's initiatives did not limit to the conventional courses, but was the first institution to start the Post Graduate course in Fine Arts and Music.

Continuing this tradition of women empowerment in the field of education, the present Peetathipathi of the Samasthan and President of the Sangha Poojya Dr Appaji established the first engineering college exclusively for the women in the entire North Karnataka in 2011. The Godutai Engineering College for Women started by the Sangha was a huge success and not a single seat in the different courses offered by the college went unfulfilled from the day the college began functioning.

Although Poojya Doddappa Appaji gave the required fillip to the educational activities of the

Sangha by starting series of educational institutions including degree colleges in the region, the period of his successor Poojya Dr Sharnbasawappa Appa is considered as the golden age for the Sangha and it was during his reign the Sangha stepped into the horizon of the higher education and professional education by starting four engineering colleges, umpteen number of Post Graduate programmes, including the MTTM (tourism).

More than 25,000 students pursue their different academic courses of their choice in the institutions under the Sharnbasva University and the educational institutions under the Sharanabasaveshwar Vidya Vardak Sangha. There were 3000 plus teaching and non teaching staff in the four campuses of the University at Kalaburagi, Basavakalyan and Bidar in Bidar district and Surpur in Yadgir district). The Sangha was also the first in the entire region to establish Engineering Colleges in remote taluk Headquarters at Basavakalyan in Bidar district and Surpur in Yadgir district.

Starting the engineering colleges at the remote taluk headquarters provided the much needed opportunity to the students, particularly the women to pursue professional courses and many students have passed out with distinction and ranks from these two engineering colleges at Surpur and Basavakalyan.

Quality Education is the hallmark of both the Sharnbasva University and the Sharna basaveshwar Vidya Vardak Sangha and there are no compromises on the quality of the teaching staff and only the best available human resource is selected and the hardworking teaching staff and equally merited students have brought laurels to the University and Sangha by gaining fruitful employment in the campus interviews by the reputed companies.

GREEN

INITIATIVE

ಶರಣಬಸವ
Sharnbasva

ವಿಶ್ವವಿದ್ಯಾಲಯ
University

The Sharnbasva University is the first University in the entire North Karnataka to step into the zone of tapping the renewable energy sources to meet the entire power requirement of the University and also use every drop of rain water for meeting the water requirement of the University as a step forward to convert the University campus a green one.

The University which had set an example in creating one of the largest rain harvesting structure in the engineering colleges in the campus in Kalaburagi city, is now all set to inaugurate the 400 KV solar power generation from the solar panels installed on the roof tops of the 11 buildings of the University to meet 75 per cent of the power requirement of the University. This is one of the biggest grid connected roof top solar power plant in the state duly approved by the GESCOM.

No other university, whether it is a private or a conventional university in the entire North Karnataka region, has taken such an initiative for the production of green power through a renewable source of energy and contributing their might to prevent serious environmental damage.

Chancellor of the University Poojya Dr Sharnbasvappa Appa is the guiding force behind the initiative for tapping the solar energy. The production of the solar energy in the University campus would not only cut down the expenditure on the payment of electricity charges every month to the tune of Rs Rs 3 lakhs every month, the University would be contributing its might for the reduction of the carbon print on the environment.

As per an estimation 920 grams of carbon footprint is left behind in the production of one unit of power in a thermal power plant and by producing 400 KV power tapping the solar energy the University helped in preventing 960 tonnes of carbon footprint on the environment every year.

One of the striking features of the entire initiative was that University has not spent even a single rupee in the entire initiative and the Ahmedbad based Gensol Engineering Pvt Ltd has invested nearly Rs 3 Crore for installing 1875 solar panels in an area of 10,360 square meters in the roof tops of 11 buildings.

They said the University on its part, as per the power purchase agreement entered between the University and the GENSOL, the University would purchase the power generated from the solar panel at a cost of Rs 3.64 paise per unit for 25 years from the day of production. At present the University is paying Rs 7.40 per unit to the GESCOM for the power supplied to the University now.

The installation of the solar panel has been completed in a record time of eight months and the University has already written to the GESCOM for the grid connectivity so that the power production could begin immediately.

Training and Placement

The placement office is well equipped with excellent infrastructure to support all the stages of Placement Process viz. pre-placement talk, written test, group discussion & interviews.

The Placement Department imparts training to the students to develop overall personality of the student to be able to equip them for facing the Campus Interviews in this new competitive era. The thrust of the Placement Department is to create maximum opportunities for the placement of the eligible students in the job market by establishing good rapport with the Industry.

Sharnbasva University Kalaburagi provides full placement support to its students in all in its areas of professional education - Technology, Management, and Life Sciences. The underlying objective of Sharnbasva University for higher education is to create and transfer knowledge for the welfare of the society.

Over the last decades the **Sharanbasveshwar Vidhya Vardhak Sangha's** has emerged as one of the most favoured destination for hiring fresh Talent from the Campuses. Its endeavours to provide Industry compliant talent and emphasis on Quality, Discipline, Self-Learning, Ethics and Values have borne rich dividends.

At Institute of Technology teaching, learning process, Pedagogy is oriented to make the students industry ready. Students are therefore given more exposure on practical learning which helps them to meet industry expectations. All efforts are made to inculcate values and make them socially responsible citizens.

Our Placement model is a four stage process involving the Pre Placement activities, Career Guidance, Executing Placement and Post Placement reviews. The Placement activity starts immediately after sixth semester examination i.e. pre-final year examination of the students. Many of the fortune 500, top and

renowned Companies visit to our institutes regularly for the Recruitment Process & most of them get placed even before the commencement of their final year.

The Placement Department operates year round, to facilitate contacts between Corporations and graduates We are maintaining consistent trust in improving Placement scenario and our aftermath results are rewarding and satisfying.

Goal of the Placement Cell:

The goal of the Placement Cell is to flourish and thrive our students in such a way that they are Globally employable & Ready hands for the Industry.

Training:

As a part of the curriculum, the training arrangements are made for the students throughout the year till they get offer.

Sharnbasva University Kalaburagi

Organizes the 'Intensive training' with prominent corporate trainers from Bangalore, Hyderabad & Chennai.

The training Modules are

1. Aptitude Test skills
2. Technical Interview skills
3. GD Handling techniques
4. HR Interview handling skills

The Training & Placement Cell provides audio visual facilities (In Association with Communication Lab) via

ಶರಣಬಸವ
Sharnbasva

ವಿಶ್ವವಿದ್ಯಾಲಯ
University

PowerPoint Presentations, Written test, Group discussion and Interviews. It plays a very important and key role in promoting and guiding the students for their successful career placement which is an essential bridge between the stages of completion of academic program of the students and their entry into the relevant and apt employment.

Future Plans:

To guide, motivate and impart training to first and second year engineering students of all branches. Signing MoU's with many more worldclass companies.

Unique Qualities

1. 24x7 placement & training cell.
2. Campus connect programs.
3. Company based training.
4. Corporate Orientation by Human Resource Professionals.
5. Regular Students monitoring Team.

Placement Statistics

We are extremely pleased to announce that the placement season 2017- 18 has been highly successful. Our students have been offered jobs in reputed companies such as Robert Bosch, Spinklr, Cognizant, Tech Mahindra, Sasken Technologies, Mphasis, iPass India. Mind Tree, Reliance Jio, HCL, Trigent Softwares, Empowersys, QSpiders Incubation Centre, Novel facilities. The average salary is Rs. 4 lakhs per annum. The highest package offered is Rs. 7 lakhs per annum. Moreover, number of students are already shortlisted for many reputed companies and still final rounds has to be conducted in coming days. The statistics are a testament to the skills of the students that have been enhanced by our quality curriculum. We would like to congratulate all the graduating students and would like to wish them all the best.

Total number of students placed/shortlisted for the academic year 2017-18 is 350 Placement support will be extended to all the students even after their graduation through our University Placement Cell.

Sharnbasva University in Collaboration with
Ministry of Skills Development, Govt. of India,
have introduced Two New Job Oriented and
Earn while you Learn Degree Courses.

BBA
LOGISTICS

New job oriented
'Earn while you learn'
apprenticeship based
courses offered by
Sharnbasva University

BMS
AVIATION
SERVICES & AIR CARGO

First time a new Apprenticeship based 'Earn while you learn'
**Post-Graduate diploma course in Data
Science and Logistics** introduced in the University.

Every Student should undergo compulsory Apprenticeship training during the 3 Year course period for 18 Month in BBA (Logistics) course and 12 Month for BMS (Aviation Services and Air Cargo) during this Period every student would get Salary ranging from Rs.9,000/- to Rs. 15,000/- every month along with Training.

- The Two new job oriented Degree courses are Bachelor of Management Studies (BMS) (Aviation Services and Air Cargo) exclusively for women and Bachelor of Business Administration (BBA) (Logistics) under Co-Education. And first time a new Apprenticeship based Post-Graduate diploma course in Data Science and Logistics introduced in the University.
- For the first time degree courses offers student opportunity to "Earn While They Learn".
- World of Job Opportunities at the managerial level for the student completing the course successfully.
- Compulsory Apprenticeship to all the students in Airports and Reputed Industries chosen by the Union Government during the course.
- Insurance Coverage for the students during the apprenticeship period.
- 100 percent placement assurance assistance by the Union Government.
- Course designed and implemented by the logistics Sector Skills Council (LSC) under the Ministry of Skills Development and Entrepreneurship. Course material is provided by the LSC.
- The course recognized by the Ministry of Human Resources and Development (MHRD).
- Only 150 Reputed Universities and Institutions selected by the Union Government to Start these courses.

Centers of Excellence

The Sharnbasva University has entered into series of Memorandum of Understanding (MoU) with the leading Software and Hardware leaders and developers in the world for providing the much needed skill based training and hands on training to the students.

The University has entered into a MoU with the US based CISCO, a leading software company for establishing a Centre of Excellence of Cisco Network Academy. The Centre of Excellence has designed career oriented courses for the students in the enterprise level networking skills. This course helps students to develop skills need to succeed in networking solutions and also provides a theoretically rich, hands-on learning experience covering advanced routing, switching and troubleshooting skills. The students can avail the CCENT & CCNA routing and switching

courses in the centre of excellence.

The University was offering these short duration course ranging from one to six months duration free of cost. Successful candidates would be provided the high value certificates issued by the CISCO and the Sharnbasva University.

In the normal course, the engineering students, particularly those in the IT, Computer Science, Electronics, Electronics and Communication and Electricals join these short duration courses by paying fees ranging from Rs. 30,000 to Rs. 60,000 in the private institutes and later appear in the examinations conducted by the CISCO, again paying hefty examination fee of around Rs. 20,000. For the students of the Sharnbasva University these courses were being free of cost and the examination cost by the CISCO is also borne by the University.

ವಿಶ್ವವಿದ್ಯಾಲಯ
University

The short duration course would enable the students to get hands on training in best practices from the entry level to expert level. The skills validation through Cisco Routing and switching knowledge prepare the IT professions to design and deploy digital - ready network and the course is so designed that it continuously hone the skills of the students in their career as an enterprise network engineer.

The University has decided to introduce the short duration courses offered in the Centre of excellence as part of the curriculum at the undergraduate level. A full fledged lab consisting of latest gadgets required for the training provided by the Cisco has been installed in the Centre of Excellence the total cost of the gadgets installed in the lab was more than Rs. 16.50 lakhs.

The Centre of Excellence would be offering the IT essential short duration course for the students from both the non engineering branches and engineering branches at the undergraduate level, the CCNA routing and Switching, CISCO security, CISCO cyber security, and CCNB/IOT courses for both the UG and PG students.

The world leaders in the automobile industry BMW have included the Sharnbasva University in its prestigious BMW skill next program. This would go loan way in providing strong foundation in the academic career of the students of the Mechanical Engineering department in getting hands on training in handling complex motor engines and gears.

Under the BMW skill next program the University has been provided free of cost BMW's proprietary Twin Power Turbo in-Line 4-Cylinder Diesel Engine and Eight-Speed Steptronics Automatic Transmission unit. The BMW has provided training to the faculty of the Mechanical Engineering Department in handling the high value engine and gears gifted by them. BMW the skill next was purely aimed at something non-commercial and aims to skill up India to the next level. This initiative was being taken up by the BMW to fill the gap between what the technology was there in the world and what the students were being taught in the technical educational institutions.

The University has also entered into a MoU with Red Hat India Pvt Ltd for providing internet deployed and managed curriculum,

ಶರಣಬಸವ
Sharnbasva

ವಿಶ್ವವಿದ್ಯಾಲಯ
University

software and services. It also provides access to approved Red Academy Course to all the students of the University. In another MoU with the Aspiring Minds Pvt Ltd (AMCAT) the University has opened new avenues to avail employability and other testing skills to the students of the University. AMCAT is the world's largest employability test provider and more than two million students avail the test every year. The University conducts AMCAT assessment test for all final and pre final and pre final students every year.

Another MoU with HireMee Pvt Ltd bridges the gap between the graduates and Corporate through Industry and Academia backed skill testing. HireMee Assessment test is conducted every year to all the students. The Conduira Education & Training Services Pvt Ltd providing Aptitude training, live online sessions, level-wise programming tasks, assignments, smart analytics Vocal Prep App, and Programming skills based analysis, diagnostics tests and others to the students.

The another MoU with the USA based Dew Mobility Software focusing on providing training, engineering consultancy and course facility for Internet of Things (IoT) courses. For the improving

of communication skills of the students, the University entered into an MoU with the Mysuru based Pupil Consulting Services Ltd.

The MoU with the Cluster Info Solutions provided in-house internship to all the pre-final year students along with full core JAVA, advanced JAVA training to make them industry ready. For on the online assessment of the students the University has entered into a MoU with Freshersworld Pvt Led, a leading provider of the online assessment platform through which the students can avail online Aptitude test.

The University has also entered into a MoU with the W3Schools Pvt Ltd for providing free line training platform for all the students to learn web development.

The University has also entered into MoU with three premier hospital in Kalaburagi city including United Hospitals, Chirayu Hospitals and Kamireddy Hospitals for providing on the hand training to students of the Hospital Administration of the Sharnbasva University.
